■ "If they gave a Nobel Prize for cheesecake", this "still-the-best" Bronx bakery (it's once again voted No. 1 for Cakes in this *Survey*) would surely be cited for its "gold-standard", "real-NY" creations, each one a paragon of "flavor and texture"; though cakes are available at its "hole-in-the-wall" digs Monday–Friday till 3 PM, many prefer to "skip the trip" and order by the slice at upscale restaurants such as The Palm.
